The local interest in the National Democratic Convention now in session in Chicago is great and the newspapers and what little news can be learned by telegraph are anxiously waited for. There is but little wagering on the result, however.

The REGISTER is indebted to Mr. C. S. Russell for a box of raspberries. They were of the white or yellow variety, and while possessing all the deliciousness of the usual berry, also have a taste that renders them especially pleasing and palatable. Mr. Russell promises soon to have a fruit farm equal to any thing of the kind in Southeast Missouri.

### URSULINE SISTERS.

Miss Annie Byers entertained a number of her little friends last Friday afternoon; the occasion, the young lady's fifth birthday. They had games, plenty of refreshments and a splendid time generally. The day and its pleasures will long be remembered by the happy little band present.

Mr. Ed. C. Thomas of Fayette, Howard county, is visiting friends in the Valley. Ed. is an old Ironton boy, but now has charge of the mechanical work on the Howard County Democrat and is achieving great success. He is a most promising young man and his old-time friends are all happy to learn of his prosperity.

The coming primary election promises to be the most interesting in point of contests, ever held in Iron county. Thus far there are but two contests, for the office of assessor and county judge—southern district. As the election is now but little more than a month away, it is not expected that there will be a great many more candidates.

CHARLES J. HUNT, second son of A. N. Hunt and wife, departed this life June 2d, 1892, aged 19 years, 1 month and 6 days. He leaves mother, brother, sisters and many friends to mourn his loss. Funeral took place from home, No. 13 South 22d St., St. Louis, June 3d, and was interred in Victoria Cemetery, Jefferson county, Mo.

THE REGISTER this week contains the announcement of R. J. Hill as a candidate for County Judge of the Western District. Judge Hill has filled this office for a number of years, and has made a most excellent record in every respect. He is a sound Democrat and if nominated and elected will beyond question maintain his past good name.

Rev. J. J. Hennessey, Bishop of Wichita, spent several days of last week in the Valley as the guest of Rev. L. C. Werner, and visiting old-time friends and acquaintances. Bishop Hennessey is a most entertaining and pleasing gentleman, and his visits to the scenes of his early labors are always heartily welcomed by his legion of friends and well-wishers.

The advertisement of Messrs. Eberhart & Ellinger, general undertakers and funeral directors of Pilot Knob, appears in this issue of the REGISTER. In addition to a full line of undertaking goods, these gentlemen have just purchased a fine new hearse, which they are ready to furnish on application. If you are so unfortunate as to need their services, you will find them prompt and reliable.

The Southeast Mining Company held a meeting at Middlebrook last Thursday, and agreed to expend \$40,000 in purchasing some new lead lands and erecting furnaces, etc. The new smelter is expected to be ready for work by fall. The affairs of the company are in a most promising condition, and the best authorities say they undoubtedly have one of the richest mines in the country.

Miss R. L. Martine, who was who was visiting in Ironton a few days since, attended the graduating exercises of the Manual Training School, St. Louis, on the night of the 8th inst. To the great delight of all concerned, she saw our mutual friend, Charles McFarland, carry off the honors of the graduating class of '92. Of the 62 in his class he was the one who carried off the gold medal. In addition to his honors, his parents, upon whom he has for some time been urging to come to the city, have at last consented and will make it their future home. Charles is supreme happy.

The indications are that the free barbecue and picnic at Goulding's Park on July 4th will be one of the grandest and most successful events of the kind ever attempted in this section. Word has been received stating that large crowds from all over the county will be present, and the attendance will undoubtedly be immense. The various committees are going right along with their work, and say everything is moving splendidly. Among the attractions of the day will be two large thirty foot balloons sent up from the grounds. Another feature will be two foot races; one between boys six and eight years of age, 50 yards, premium, \$2; another for boys between eight and twelve, premium \$2. A sack race free to all. W. H. Reese and Jas. Dixon, judges.

Grand Keeper of Records and Seals, John H. Holmes, of the Grand Lodge Knights of Pythias, arrived in Ironton yesterday and instituted a Lodge of Knights of Pythias in Ironton. There were twenty charter members and the exercises commenced in the afternoon (lasting until dawn the next morning). A supper was served in the Academy of Music at night, and the occasion is said to have been a most pleasant one in every respect. There were present large visiting delegations from De Soto, Piedmont, Poplar Bluff and other points, and they all took occasion to pass special compliments on the delicious repast furnished by Mrs. W. A. Fletcher. It composed all the delicacies and substantial, both in and out of season, and was indeed a feast for the palate. The visitors all gave assurance they would always come to Ironton, when there was any likelihood of participating in a similar spread. The occasion on the whole was a most pleasing success, and the K. P. has certainly been inaugurated in Ironton under the most favorable circumstances.

Rev. Ed. James closed his meeting in this place last Thursday night. The services, the closing night, were largely attended, and the speaker endeavored to set himself right before the large congregation. As he had spent all his time previous to that, criticizing, he on this occasion, grew complimentary, or at least, was willing to accord just dues. He stated that the people of Ironton and vicinity were more orderly, better behaved, and more attentive than those of any congregation he had had the pleasure of addressing for many months past. Rev. James having come here direct from the hoodlum, swampish congregations of Poplar Bluff where it was necessary to call for order and better behavior several times in the course of an evening, of course, the dignity and reverence of the Ironton worshippers were both refreshing and inspiring. We are glad he appreciated the difference. His other remarks were in justification of his mode of procedure, and, on the whole, not of special interest to the public. Fourteen accessions to the Baptist church are the result of the meeting. Rev. James left here Friday for Piedmont, where he expects to again grind his armor and fight his satanic majesty wherever found in the highways and byways of the little town at the foot of the hill.

In a communication from Des Arc "Isaac" complains at the action of the mass meeting, held in this city, June 11th, instructing the delegates to the State Convention to vote for Dalton for Governor, and says a large majority of the Democrats of the county are in favor of Stone. "Isaac" is at times very extravagant in his statements, and if he had been present and seen the unanimity with which the Dalton resolutions were passed by the large assembly, he might possibly hold a different view as to Iron county's preference for Governor. Anyway, what has "Isaac" against Mr. Dalton, and why does he prefer Stone? It isn't usual that he takes such an interest in the disposition of State offices. Again, the files of the REGISTER, for years past, will show that "Isaac" never missed an opportunity to say something mean of that loyal Democrat and staunch partisan, Jasper N. Burks, of St. Francois county. Has "Isaac" experienced a change of heart this year, and will he now come out for Jasper for Congress, in the same manner that he is opposing Dalton for Governor? We expect for reply. As for Mr. Edgar's action in the convention two years ago, and his course subsequent thereto, what he did was done openly and above-board, and "Isaac" may rest assured that that gentleman does not shrink his responsibility in the premises, and is prepared at any time to give his reasons therefor.

## From Annapolis.

Ed. Register.—Instead of saying that the soreness left my face from neuralgia in two hours, after drinking the waters of Annapolis mineral spring, I meant to say ten hours. That was putting it rather strong even for "Murphy."

Rev. Nelson and Mr. Harmon are still prospecting in their zinc mine west of here. We wish them every success, and they ought to be encouraged by our people, for a good mine would put new life in our town.

The State Geologist is at Annapolis now, and we hope his labors in this vicinity may be of lasting benefit to this place.

There was a call meeting of the board of trustees of the Village of Annapolis, Friday evening, for the purpose of re-organizing the board, and taking steps to enforce the laws. There being two vacancies, the first move was to fill them. W. R. Lease and F. P. Hilburn, were accordingly chosen to fill the vacancies. Judge Hart and J. S. Benson tendered their resignations, but the board refused to accept them. W. R. Lease was chosen clerk and F. P. Hilburn treasurer. The board then adjourned until Monday evening, when they will meet again for the purpose of employing a marshal. We hope that some good man can be induced to accept the place, and that the board and citizens generally will stand by him in his endeavors to maintain order.

Two peddlers went to the house of Monroe Slusher last Tuesday, and, in the absence of Mr. Slusher, took possession, ordered Mrs. Slusher to get them chairs, and acted in such a manner as to thoroughly frighten her, as the house stands in a lonely place across the creek from town. Mr. Slusher being notified of their insolence went home, took up a double barreled shotgun and told them to fly, and they flew, they did not even wait for their goods, but rushed through the creek and did not stop until safe in town, and then hired some boys to go back to Slushers after their wares.

D. A. Johnson is the happy father of a fine baby boy. Mother and babe both doing well.

The teamsters who have been scraping earth into the washouts in the railroad north of Annapolis, all went on a strike Thursday, and, as a result, there has been no scraping there since. A few teams are still working south of town.

MURPHY.

## News From Des Arc.

Mr. John Collins is visiting his parents at this place.

Miss Curly Sullivan is stopping a few days with Mrs. Raney.

F. R. Raney has left for Chicago to go into the map and globe business, and also, to attend the Democratic Convention.

Ed. Clarkson, son of R. A. Clarkson, formerly of Annapolis, is visiting Jas. Morris.

J. M. Morris and son, Walter Lee, are on a visit to Virginia, to see his aged mother who is getting quite feeble.

Currie Semonds is spending the summer with her grandmother, Mrs. Semonds.

E. W. Graves has commenced hauling lumber with his road steamer. He made a trip every day this week out to Fitz's mill, near Patterson, seven miles from here, hauling 2500 feet of lumber every trip. It is a grand success; it saves the cost of five mule teams and drivers. In five more years lumber hauling with mule teams will be a thing of the past.

I see that a small portion of the voters of Iron county have instructed for Dalton. If it was left to the voters of the county, I think Stone would be far ahead, for nine-tenths down here are Stone men, and nearly all the counties in North Missouri are instructing for Stone. Also, Washington county will go for Stone. I also notice that the Potosi, Independent is opposing Wm. R. Edgar for Congress, on the grounds that during the convention at De Soto some two years ago, he left the hall in the hottest of the fight, and took part in Burns' election, and now that it is not much trouble to get elected, as the district is sure Democratic, Dr. Clarkson also complained of the way Mr. Edgar acted at the convention. I suppose however if Mr. Edgar runs he will make this all satisfactory in due time.

June 20, 1892. ISAAC.

To RENT.—Cottage on Main street; Cool, shady yard and good spring of water. Box 51, Ironton, Mo.

## Clones News.

Ed. Register.—Farmers out here are very busy engaged at present with their crops in order that they may get their clear of weeds before wheat harvest, which will be here by the 25th inst. The yield of wheat, both in quantity and quality, will be first-class.

As the Fourth of July draws near, grand preparations are being made for picnics in various localities.

H. Waldner, merchant at Edge Hill, is building a new store house, one mile south of the old stand, on higher ground. He will remove his stock of goods thereto in the near future, and will, I am informed, take in a partner, presumably of the feminine gender. Now, Hillar, that's business. I am informed that Messrs. Hartman & Bell, merchants at Black, Missouri, are making preparations to remove their stock of goods to Flat Woods.

J. M. Latham, who has been confined to his room for the greater part of the past year, is now convalescing, while our old friend Jno. McMahon is gradually growing weaker.

Mr. A. I. Adams, Goodland, has gone to Fresno City, California, where he has secured a position as clerk in a grocery store.

I am informed that Mrs. Rebecca Adams has been employed to teach the school in Clones district for the ensuing year.

Messrs. Nelson Hawk and Jos. Stricklin have subscribed for the REGISTER.

Mr. A. V. Hendricks, of Black, visited us not long ago.

On a recent trip to Belgrade I formed the acquaintance of quite a number of very estimable citizens of that superb little village.

Reports say that Rev. Nelson Adams, Greely, Missouri, is lying at point of death.

Owing to the fact that the range is

unusually good, cattle look fine, and any person who wishes beef cattle would do well to call here before purchasing elsewhere.

June 20, 1892.

Misses Warner and Dutro, of St. Louis, are visiting Mrs. Weidman.

Mrs. H. J. Behrens and Mary Immer spent last Thursday in the city.

J. W. Jaquith, the "society gentleman" of the Knob, left Saturday for St. Louis.

Me Too.

The Ladies of the Presbyterian church will have ice-cream every Thursday evening over Fairchild's store, for the purpose of raising money to repair the church. Hours, from 4 p. m. till people cease to come. Remember, it is tomorrow night.

## Obituary.

Died, at the residence of her father on Crane Pond, June 15th, 1892, Mrs. MARTHA ORR, aged 31 years, 3 months and 10 days.

The subject of this memorial was the daughter of Rev. John Seal and wife; was born March 5th, 1861, being reared in Iron county, the county of her residence up to the time of her decease. At a very early age she professed faith in Christ as her Savior, became identified with the Baptist church and was one of the most brilliant lights and devoted workers in her Master's work during the remainder of her natural life. She was united in marriage to Mr. B. P. Orr while quite young, and, from this union, they were blessed with three children, two of whom are living, one having passed to the mansions beyond. Her husband has been dead more than five years, and, during her widowhood, she has made her home with her parents. Sister Orr had been a sufferer for several years, from some chronic kidney trouble, but was able to be around till the last four or five months of her life, when she became so weak and feeble she had to keep her bed. During all her sickness she was nursed and cared for by her parents, brothers and sisters and everything done to alleviate pain and add to her comfort, in addition to medical aid, hoping that health might be again restored, but man's will is not God's, and the loving Creator has seen fit to call a jewel home.

During the sickness of our sister she was not heard to murmur or complain, but bore her affliction with meekness and fortitude, and, now, when we review the past life of kindness, love and Christian example of our dear one, we feel consoled that this life of pain and suffering has been exchanged for one of bliss and happiness in those mansions that are prepared for those who love the Lord and have washed their robes white in the blood of the Lamb.

To the bereaved and aged father, with children, brothers and sisters, we extend our sincerest condolence in this sad hour of bereavement.

Thou, dearest, has crossed to the ever-green shore.

To this world of sorrow you've bid adieu;

Thou art gone where cares and sickness are no more;

Thou hast received the crown kept for you.

Thou hast passed over the Jordan of death.

Into the beautiful mansions sublime;

Thou art freed from the evils of earth, And art at home in the heavenly clime.

And we hope when life with us is o'er, And our bodies are laid in the dust, That we will meet our angelic one, That now reaps the reward of the just.

A FRIEND.

## Suggestion For a Summer Trip.

If you wish to take the trip of a lifetime, purchase the low rate excursion tickets sold by all principal lines in the United States and Canada via the Northern Pacific Railroad to Yellowstone National Park, Pacific coast and Alaska.

The trip is made with the highest degree of comfort in the elegant vestibule trains of the Northern Pacific Railroad, which carry dining cars and luxurious Pullman sleeping cars from Chicago, St. Paul and Minneapolis to Montana and the Pacific coast, without change, and special Pullman sleepers from St. Paul and Minneapolis to Yellowstone Park.

The scenery en route is the most magnificent to be found in the seven states through which the road passes. Beautiful mountains, rivers, valleys, lakes and plains follow each other in rapid succession in the light of the tourist, who will also find interest in the agricultural, mining, lumbering, industrial and other interests associated with the development of the great Northwest.

The crowning glory of the trip through the Northwest, however, is the visit to Yellowstone Park, the land of hot springs, geysers and gorgeous canyons, and to Alaska with its endless ocean channels, snow-capped peaks, glaciers and giant glaciers.

If you wish to investigate this suggestion further send to Charles S. Fee, General Passenger Agent, N. P. R. R., St. Paul, Minn., for copies of the handsomely illustrated "Wonderland" book, Yellowstone Park and Alaska folders.
